

MA IN EDUCATION AND TECHNOLOGY

FLEXIBLE DELIVERY | ONE YEAR FULL TIME | PART-TIME OPTIONS AVAILABLE

Who can apply?

Teachers, researchers, curriculum and content professionals, educational leaders and those with a keen interest in education and technology

What do you gain?

The **MA in Education and Technology** is a One Year Full-time Programme which aims to build critical knowledge, equitable, ethical, and sustainable perspectives, and innovative practices in educational technology. Part-time options are also available.

Our goal is to equip practising and aspiring professionals in education and technology to create a significant impact in their fields.

Learn with the best- Expert faculty including national and international academics and leading practitioners, extensive engagement with the industry, pioneering research and professional development

Bring your ideas to the world- The course includes a Capstone project, where you apply what you learn through design thinking, design-based research, product discovery, management perspectives and more!
